## NEWS RELEASE

### **Plaintree Systems announces a Korean sale for its Optical wireless products.**

Ottawa, Ontario, Sept 30, 2008 – Plaintree Systems Inc. (Plaintree, CNQ: NPT and OTC BB: PTEEF), today announced the sale of five of its secure high speed optical wireless technology product known as WAVEBRIDGE<sup>®</sup> to Plus Net in South Korea.

“Plus Net is our newest reseller and is focusing on selling into the South Korean Industries and Security market. They approached us a few months ago requesting the right to sell our Free Space Optics (FSO) technology, better known as WAVEBRIDGE<sup>®</sup>, into the Korean market” said David Watson, Plaintree CEO. “Since then they have been working very hard and opening numerous doors for us in the region.”

The customer for this sale requires Fast Ethernet speeds of up to 155 Mbps along with traditional true voice, not VOIP and these are the options Plaintree’s multiplex system offers. The Customer also is located in an area saturated with RF signals and needed a system immune to this problem.

### **About Plaintree Systems**

On April 1, 2008, Plaintree Systems Inc. amalgamated the businesses of each of Hypernetics Limited and the Triodetic Group of Companies into Plaintree. Based in Arnprior, Ontario, the Company now operates a number of diversified divisions.

The Plaintree Systems division develops optical wireless communications equipment for Local Area, Wide Area, Voice, Internet and Security Networks.

The Hypernetics division was established in 1972 and is a manufacturer of aero-space components for various applications including aircraft antiskid braking, aircraft instrument indicators, solenoids, high purity valves and permanent magnet alternators.

The Triodetic division, with over 40 years of experience, is a design/build manufacturer of steel, aluminum and stainless steel specialty structures such as commercial domes, free form structures, barrel vaults, space frames and industrial dome coverings for use in the mining and architectural markets.

Plaintree has **12,522,143** common shares and 18,325 class A preferred shares outstanding. Plaintree’s common shares are publicly traded in Canada on the CNQ (NPT) and the U.S. on the OTC BB (PTEEF).
